.com 5171 WINOOSKI 250-5100 IN STERLING, UTAH UTAH MAIL TS Saddle up, y'all. It's time for another edition of TSP, the ultimate review show. Join me, C.J. "Chuck" Vanek and the flirtatious crew of TSP, as we travel the country and indulge in a variety of heavy-duty racing on dirt, grass, paved and many other surfaces. We're also talking the latest in motocross technology and gathering intel on some of the most exciting off-road racing being developed in the United States. First up, we're heading to the American Superbike Championship (ASBK) to visit the Kopp Racing team of national champion Tom Kline. Tom's prepped to defend his national crown and we'll be lucky to get a ride. (Kopp's got the fastest track bike in the world and I've got a sick bike.) But before we get to the season's big dirt races, it's time to talk with Tom about his career and learn more

about the American Superbike series. Next stop, Utah. It's time to talk about the Nitro World Championship, the premier international motocross series. It's held annually at the Utah Motorsports Campus in Mill Creek, Utah. This year, the event will feature the world championships for four-wheelers, sidecar racing and motocross. You'll see us as the sidecar riders, Lucas and Julie, along with Mike Rowley and Dwayne Turner. We'll be bringing you up-to-the-minute dirt track action, pulling you into the faster action. Stay tuned to TSP for all the action on the Utah dirt. I'm stoked to be joined this week by Zach Pollard. As promised, he's here to answer all your dirt questions. Zach's been racing and riding for three years and this will be his first race season. To learn more about him, his bikes and the dirt racing scene in general, pick up a copy of Dirt. But first, it's time to take a look at the most powerful and entertaining off-road game on the market, Dirt 2. It's 82157476af
